Hi Thomas

My name is Paul and i own and operate a Harley tour company in northern Thailand. I would like to offer any interested HOG members an invitation to come and ride in northern Thailand at a special discounted rate. I am an expat Aussie and enjoy riding with people from home. I am not sure if you have a format where i can reach your members on a national level, perhaps you could let me know .

I have taken groups of 20 people in the past but prefer a group of 6 to 10 bikes. Logistically the larger the group the longer everything takes (fuel,lunch etc) .We have tours that are more activity based and those that are all about the ride .

The tours include twin cam 88 (mostly fatboy and heritage), hotel, breakfast and lunch, fuel , helmet (or bring your own),Airport/hotel pickup , service vehicle with trailer (spare bike),entry fees to national parks and other attractions/activities , myself and our Thai speaking tour guide (as well as being a top bloke, he has great historical knowledge)and a Harley tours Thailand shirt .

We usually charge 10,000 baht per day. If you come as a group of five or more i can offer 15% discount. Pillion passengers travel at 4000 baht per day .At the current rate of exchange it's about 280 AUD per day or a shade under 400AUD with the missus in tow.

Please give the website a look if you have the time. Northern Thailand is a great place to ride.

Best regards

Paul Gibson
